

Father's day is June 21st and if you are still looking for great gift ideas for dad, here are three products from SkyGolf that can improve his game.

SkyPro 1960 171

SKYPRO

SkyPro is a new way to improve your golf swing. It is a small sensor that fits imperceptibly below your grip and monitors your club's motion during a swing. This information is then transmitted wirelessly to your smartphone or tablet, which provides instant feedback on key features of your swing. View your swing or putt from any angle, compare it to a favorite, or use the checkpoint system. SkyPro has many tools to help you find flaws in your swing. Make practice meaningful, and have more fun too, with SkyPro!

SkyCaddie TOUCH

SkyCaddie TOUCH

The flagship of SkyCaddie's new product lineup, the TOUCH features a glove-friendly, easy-to-use touchscreen and a high-resolution, sunlight-readable, color display that amplifies the clear superiority of SkyCaddie's 35,000 preloaded, high-definition maps over its competition. The device's Bluetooth connectivity provides golfers with the ultimate user experience when coupled with the FREE SkyGolf 360 mobile app. Through SkyGolf 360 you can redeem member benefits, search and manage TrueGround course maps, share scores, view game stats, chat with friends on the news feed, and book tee times at participating public and private golf courses. Play with the most trusted rangefinder in golf and start saving strokes.

SkyCaddie WATCH

SkyCaddie LINX

Using golf's "best-in-class" TrueGround™ Course maps, the SkyCaddie LINX provides dynamic distances to the front, center and back of the green, plus layup targets from tee to green. Its sunlight-readable, high-definition display makes it the most legible watch on the market. Using Bluetooth smart wireless technology, the SkyCaddie LINX connects to the SkyGolf 360 cloud to get insight into your game with advanced scoring and stats. Base features do not require an annual membership. However with a nominal plan, the SkyCaddie LINX is upgradeable to provide you with IntelliGreen technology and a Target List that displays up to 40 hazards, carries and layups per hole!
